The repayment schedule for some or all of your student loans changed. Please review the enclosed Repayment Schedule information. These new terms take effect on the due date listed. We will send a bill approximately 20 days prior to your scheduled due date.

### Why did this occur?

There are several reasons that this change may have occurred, including, but not limited to:

- A deferment or forbearance recently ended
- You requested to change your repayment plan
- Your due date changed
- Interest was capitalized (added to the principal balance) on your loans
- Your interest rate changed
- Your previous monthly payment amount was not sufficient to pay off your loans within the time period allotted
- We recalculated your Income-Driven Repayment schedule

### Payments:

- Any payments due prior to the change that you did not make or did not cover are still due.
- You may prepay all or part of the unpaid balance of your loans without penalty
- If your loan is not paid in full within the legal repayment term, you may be subject to late fees, collection charges, attorney fees, and / or wage / tax garnishment in accordance with the Higher Education Act

### Repayment Benefits:

- If you have a Direct Subsidized, Direct Unsubsidized, or Direct PLUS Loan disbursed on or after July 1, 2000 through June 30, 2012 you received an up-front rebate. To keep this rebate, you must make timely (received no more than 6 days after your due date) payments for your first 12 required payments. Otherwise, we will add the rebate amount back to the principal balance of your loans.
- Apply for *Direct Debit* to receive a 0.25% interest rate reduction. Visit [MyFedLoan.org/DirectDebit](http://MyFedLoan.org/DirectDebit) to apply.
