Dear S ██████████,

Congratulations! The Biden-Harris Administration has forgiven your federal student loan(s) listed below with Nelnet in full.

This debt relief was processed as part of the Biden-Harris Administration's [one-time account adjustment](#) because your student loan(s) have been in repayment of at least 20 or 25 years. An adjustment to your account updated the number of payments that qualify towards income-driven repayment (IDR) forgiveness. This forgiveness is effective as of 12/31/2023.

Loan Program	Disbursement Date	Original Principal Balance
