Dear G[redacted]

We are pleased to provide you with an update about your progress toward Public Service Loan Forgiveness (PSLF) or Temporary Expanded PSLF (TEPSLF).

One or more or your loans is currently ineligible for PSLF because it is a loan made under the Federal Family Education Loan (FFEL) Program or the Federal Perkins Loan Program. A list of your loans and their eligibility status is below. You can consolidate ineligible loans to make them eligible. Visit StudentAid.gov/loan-consolidation for more information.

The information above was generated as of the date of this letter and may not reflect real-time activity since the submission of your most recent PSLF form.

The table above includes your eligible payments that require employment certification and your PSLF/TEPSLF qualifying payments.

- An eligible payment (EP) meets qualifying monthly payment requirements for PSLF or TEPSLF, but employment has not yet been certified for that month.
- Once certified employment has been approved, it is matched to an EP and results in a PSLF/TEPSLF qualifying payment (QP). However, if you consolidate your loans on or after September 1, 2024, and the dates of your employment are prior to the consolidation, a weighted average will be applied to determine your QP count from the loans included in your consolidation loan.
- To receive PSLF/TEPSLF, you need 120 months of qualifying payments.

If you have any questions about your PSLF form submission, this letter, or the PSLF or TEPSLF programs, please visit StudentAid.gov/publicservice to learn more or call us at 1-888-303-7818. To view your certified employment and PSLF payment history, log in to StudentAid.gov/login with your account username and password. After you log in, navigate to My Aid where you can get this information as soon as it is updated. You may also access prior PSLF form submissions on your account through My Activity.
